

Walk and Roll National

Sponsorship 2025

The Foundation's premier event is the Walk & Roll for GBS/CIDP. It aims to heighten awareness and mobilize community support to ensure that every GBS, CIDP, and MMN patient in Canada receives the essential support and care they require.

Join us in realizing our vision that every person affected by GBS, CIDP, MMN or their variants will have access to early and accurate diagnosis, expert interdisciplinary treatment and support, and a cure will be developed through research.

With your support, we can continue to make meaningful strides in improving the lives of those impacted by these conditions.

What benefits does a Walk and Roll sponsorship offer?

- Gain community recognition as a compassionate corporate partner
- Enhance public visibility and awareness
- Foster a deeper understanding of the patient experience and the challenges of the patient journey

What is GBS, CIDP, and MMN?

Guillain-Barré Syndrome (GBS), Chronic Inflammatory Demyelinating Polyneuropathy (CIDP), and their variants such as Multifocal Motor Neuropathy (MMN), are rare conditions which are paralyzing and potentially catastrophic inflammatory disorders of the peripheral nerves. GBS, CIDP, and MMN have a slow and unpredictable recovery. Earlier diagnosis, treatment, and access to rehabilitation services can greatly improve the chances of avoiding permanent lifelong residual damage of the nerves.

We're excited to announce the 2025 Walk and Roll locations - including a brand new walk in Vancouver!

Calgary	Coquitlam	Edmonton	London	Montreal	Regina	Toronto	Vancouver
