

## National Conference Sponsorship Community Corporate

## National Conference CALGARY 2026

Every two years, the GBS/CIDP Foundation of Canada hosts a national conference in a major Canadian city. Our 2026 National Conference will take place in Calgary, Alberta, September 19-20.

### This event will bring together:

- Individuals affected by GBS, CIDP, MMN, and variants
- Families and caregivers
- Educators and allied health professionals
- Researchers and medical specialists

This conference arrives at a critical moment. Breakthrough research is leading to the first new treatment options in more than a decade. Many patients are seeking accurate, up-to-date information about eligibility, safety, and access. Ensuring that patients receive trusted medical guidance is essential for making informed decisions in their care.

In addition to medical updates, the conference will feature sessions on wellness, daily symptom management, sexual health, nutrition, emotional resilience, and practical tools for living with a chronic illness. Dedicated resources to support caregivers in their essential role.

### What benefits does a GBS/CIDP Calgary National Conference sponsorship offer?

- Gain community recognition as a compassionate corporate partner
- Enhance public visibility and awareness
- Foster a deeper understanding of the patient experience and the challenges of the patient journey

### Foundation Facts

The GBS/CIDP Foundation of Canada is dedicated to enriching the lives of individuals and families affected by GBS, CIDP, and related conditions. Our unwavering commitment to our community is grounded in four pillars: offering vital **support**, promoting **education**, driving forward **research**, and courageously **advocating** for the needs of those we serve.
